Sri Lanka

25 FEBRUARY to 5 MARCH 2020

Starting our journey in Negombo, This bustling, fishing town on the west coast of Sri Lanka (and close to the Bandaranaike International Airport), had a rather turbulent colonial history involving the Dutch, Portuguese and British due to the cinnamon trade. In fact, the wild cinnamon that grew in the region was described as 'the very best in the universe as well as the most abundant'. The remnants of this colonial period remain with the strong Catholic Church influence in the town. The Negombo Lagoon and the many canals offer superb birdwatching, the town's Old Quarter is worth a visit, and the community is friendly and welcoming.

The second major city in Sri Lanka (the other being Colombo) lies in the midst of the Kandy Plateau, an area of tropical tea plantations. A prominent feature is Kandy Lake, to the north of which lies the golden-roofed Temple of The Tooth, a UNESCO World Heritage Site and important place for Buddhist worship, as it is said to house a tooth relic of Buddha. Other fascinating places include the Ceylon Tea Museum, the Buddhist Publication Society, the Ayurvedic centre in the Amaya Hills nearby, the Kandyan Art Association and Cultural Centre, where crafts people can be seen at work, and the Kandy Muslim Hotel, which offers the finest spiced curries served with naan or rotis.

Pronounced 'gawl' in English, Galle is the best example of a walled city built by the Portuguese in South Asia in the 16th Century. It was extensively fortified by the Dutch in the 17th century. When you enter the old city gates of this World Heritage Site you can't help but notice the grand colonial houses and boutique shops and of course the beautiful beaches on the fringes of town. Attracting many luxury travellers from around the world, the town is also a favourite with cricket fans who rate the Galle International Stadium to be one of the most picturesque cricket grounds in the world.
